6485-006 Model with Red Ball Activation

AVAILABLE ACCESSORIES

6412-NP	Latex Neck Piece
6412-001	Non-Latex Neck Piece

FEATURES

REALISM

Our PBE feels and operates like the real thing. The training PBE comes complete with simulated actuation clips, weighted dummy O₂ cylinders and a removable neck seal. The hood is similar in shape, colour and weight to the OEM PBE.

EASE OF USE

The simulated actuation clips are reset in seconds with no need for special tools.

DURABILITY

We use robust materials that can withstand the rigors of the training environment.

WASHABLE

The PBE can be completely dismantled so the textile portion of the product can be placed into a conventional wash machine.

REPAIRABLE

Tulmar can provide repairs to textile portion of the PBE and provide replacement parts that experience wear through repeated use.

NON-LATEX NECK PIECE

Our standard neck piece is now EPDM rubber. We can offer latex or non-latex replacement neck pieces.
