

## Job Posting: Sewing Machine Operator

Tulmar designs, manufactures and distributes engineered protective textiles, survivability and safety solutions for the Aerospace, Defence and Public Security industries.

Headquartered in Hawkesbury, Ontario, Tulmar operates a modern 60,000 square foot facility with equipment ranging from computerized cutting tables, stitching machines R.F. (radio frequency) welding and heat-sealing equipment to highly sophisticated testing and certification equipment including cold temperature test chambers, inertia reel testing equipment and computerized measurement and test equipment for quality inspection.

We are currently looking for a **Sewing Machine Operator** to join a dynamic & close-knit team!

Under the guidance of the Sewer Trainer, the Sewing Machine Operator will participate in a **paid 4–5-week training program** with hands-on experience operating industrial sewing machine equipment. Upon successful completion and evaluation, participants will be offered a full-time Industrial Sewing Machine Operator position.

Work Hours : 39 hours per week
